

What we will be learning in the Summer Term

Science — We will be learning about plants and we will continue to learn about seasonal change. In addition to this we are very fortunate to take part in Bushcraft lessons.

History — We will be learning about Seaside holidays in the past.

Geography - We will be learning about Africa.

Art — We will be working on our drawing skills.

Religious Education — Our topics are 'Do Sikhs think it is important to share?'
'Is it possible for everyone to be happy?' Buddhism

Computing — We will be exploring coding using 'Codespark'. We will be learning how to use green screen.

Design Technology — We will be designing and making a windmill.

Music — We will be exploring beat and pitch through songs.

Physical Education — We will be learning netball skills this half term and working on running, jumping and throwing in athletics. **PE:** Mon/Fri 1S Mon/Fri 1NS Mon/Fri 1A

Bushcraft

Until the half term holiday Year One are very fortunate to be taking part in Bushcraft! It is a brilliant outdoor initiative for learning. Please remember that your child needs to come to school wearing appropriate clothing and shoes for being outside, as well as for getting dirty and smelling of smoke as there may be a chance of marshmallows around the fire! A summer hat and water bottle (with name on) are a must.

1NS - Tuesday

1S-Wednesday

1A -Thursday

How you can help your child to learn at home

Please continue to support your child with focusing on their handwriting and ensure they are listening for the phonemes (sounds) in words, including the long vowel sounds. They should be using a range of strategies and high frequency words using the school's handwriting formation. Please keep hearing your child read and read to them as often as you can.

Keep using the phonics flash cards that we send home throughout the term. The weekly phonics sheet has all the sounds and words we are working on. Please encourage your child to read and have a go at writing these words.

Please speak to your class teacher if you need your child's Mathletics username and password again. We encourage the children to complete these activities on their own as much as possible.
